Carmel's Leading Newspaper

CARMEL SUN

Devoted Exclusively To Carmel and Vicinity

VOLUME NO. TWO — CARMEL-BY-THE-SEA, CALIF., THURSDAY, JUNE 21, 1934 — NUMBER 21

VIENNESE SHOP OPENS BRANCH ON OCEAN AVE.

Showing their belief in the future of Carmel, as many others are doing, Mr. and Mrs. J. C. Herron of the Viennese Shop, located for the past five years in the Seven Arts court, have opened up a branch on Ocean avenue, and will serve the public at both locations.

Mr. Herron will be in charge of the new shop, located between Bostick and Wood's real estate office and the Corner Cupboard. He has added a line, that of fine linens, and will also carry a lovely line of hosiery and handkerchiefs. The main merchandise, however, will be the beautiful imported smocks and blouses and the lovely hand-embroidered dresses and blouses made by Mrs. Herron.

M. DENEALE MORGAN TO EXHIBIT AT DEL MONTE

Many Carmel people will go to the Del Monte art gallery between July 1 and August 1 to see the excellent exhibition of paintings by M. DeNeale Morgan, one of Carmel's best known artists.

Miss Morgan has gained note through her paintings of the Monterey cypresses and many of the pictures embody scenes of these trees peculiar to this area.

RUSSIAN TEA ROOM HAS NEW RUSSIAN COOK

The popularity of the Russian Tea room in Monterey is increasing every week, due to the cooking of the new Russian cook, who certainly knows what's what in her line.

Colonel and Mrs. Jadovskoy have also taken an interest in a restaurant next door to the Bank of America on Alvarado street. The Russian Tea room is opposite the Monterey postoffice.

FOREST THEATRE WILL HOLD "OPEN HOUSE"

You are cordially invited to attend the party to be given next Sunday afternoon at 3 at the Forest Theatre, when the Presidio Band will furnish the music and the theatre group will serve sandwiches and coffee. No charges.

This "open house" is being held so that all may become familiar with the beauty spot of the city and be able to find the way to the theatre for the coming productions, the first of which will be heard July 4th and will continue through the 5th, 6th and 7th. "Going Some," by Rex Beach is the vehicle the players have chosen.

Another play will be given August 2, 3 and 4, but just what play has not been decided.

Then, you are going to hear a lot soon about the fair that has been set for Labor Day, afternoon and evening, which will exceed anything of the kind ever attempted heretofore.

New talent is being sought for Forest Theatre productions and any who are interested should see either Herbert Heron or Fern Hyde immediately as the cast for "Going Some" will begin work soon.

FORMER CARMEL BOYS FINED FIFTY DOLLARS

A news dispatch appearing in the Chronicle tells of the arrest of the two sons of Van Wyck Brooks and a Mr. and Mrs. Rigby [illegible], Conn., for bathing in the city reservoir in the nude, adding that they were fined $50 for the offense.

Old timers recall when the boys, now grown men, lived in Carmel with their distinguished parent, who is a critic of note in the East and the author of several books.

TREASURE CHEST IS CLOSING OUT SHOP

Carmel will lose one of its most attractive shops when Merle's Treasure Chest closes out, but with such a large stock on hand, it is not likely the place will close before fall.

The sale begins today (Thursday) and everything in the store is offered at irresistible prices. The stock includes lovely things from costume jewelry reduced to as low as 15 cents to museum pieces worth hundreds of dollars.

Imported chinas, glassware, precious and semi-precious stones, antiques, all will be closed out.

Carmel people are glad that Major and Mrs. Hairs do not intend to leave the city, but to be free from the responsibilities of business so they may enjoy the peninsula to the fullest. They have one of the most beautiful homes in Carmel. They have lived in Carmel for the past five and one-half years, during which time Major Hairs made trips to Australia and brought back many lovely things from the store they own there.

NO-JURY EXHIBITION PROVES ATTRACTIVE

Proving very attractive to visitors is the no-jury exhibition of oils and water colors now shown at the Carmel Art Gallery on Dolores. The quality of pictures shows that each artist has chosen what he considers his best work, knowing that on him alone depends the decision of suitability. Exhibiting are: Wm. Ritschel, Homer Lavinson, Burton S. Boundey, Laura Macdougall, Janet Maxfield Lewis, Florence Gilbert Henry L. Harris, Jr., Chapel Judson, Wickliffe C. Covington, Julian Greenwall, Edda Maxwell Heath, Henrietta Shore, Arthur Hill Gilbert, Percy Gray, James Fitzgerald, Abby L. Bosworth, Ferdinand Burgdoff, Charles Bradford Hudson, I. Maynard Curtis, Elizabeth Strong, Julie Stohr, Nora Nichols Grabill, Dorothy C. Wood, Roberta Balfour, Armin Hansen, J. V. Cannon, J. M. Culbertson, Paul Dougherty, Marjorie Pegram, Stanley Wood, Edith Heron and Charles Orson Horton.

CARMEL BOY GETS PRAISE AS ARTIST

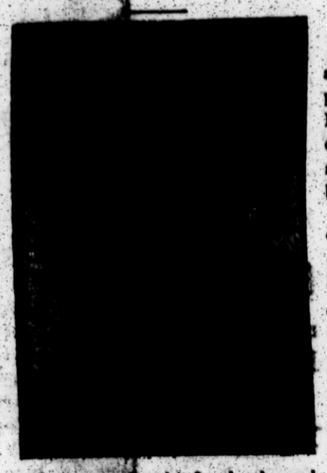
The following item taken from the San Francisco Examiner will be of interest to Carmel people. Bill Nye is the son of Mr. and Mrs. J. L. Nye, his father being assistant postmaster.

Good acting isn't enough to get you a job in "The Drunkard" cast, according to Bill Nye, who plays the role of the Bar Fly in the production at the Palace Hotel. In addition Bill is listed on the program as director of lights. Besides these official duties, he has to make the off-stage noises for the mother's dying groans, the clock in the steeple striking one, the cock announcing the hour of dawn.

Nye also has to be the snow scene, throwing in handfuls of paper when the villain enters the wretched garret. Bill thought he had entered the show to be a bit player and electrician, but he's too good at imitations to be left alone with his art.

Mrs. Harriett Hatty Rowntree who recently went to Gasquet, near Crescent City, with her husband, Cedric Rowntree, writes that they are getting along well in their new location, that the altitude agrees with them and they are leaving soon for the lookout station at an altitude of 5000 feet where they will be seven and one-half miles from the postoffice.

PATTERSON SEEKS RE-ELECTION ON RECORD



Patterson fought fearlessly and ably for the interests of the people.

Patterson was elected to the Assembly in November, 1933, representing San Luis Obispo and Monetrey counties. He gave the people of these two counties able and honest representation and consistently and fearlessly fought for the rights of the people against selfish and corrupt interests. Patterson kept faith with the people by carrying out his pre-election promises. He fought for the reduction of expenditures in government, for the equalization of public utility taxes, for the reduction of power rates, for shorter working hours for labor, for the interest of the small home owner, business, for the farmers' interests and for the speedy administration of justice and for state support of free schools. Patterson secured the appointment to the important committees of roads and highways, fish and game, livestock and dairies, soldiers and sailors, irrigation, drainage, swamp and overflowed land and chairman of of engrossment and enrollment of bills. Patterson pledged himself to aid in the securing of highway funds for the coast highway and the Salinas Valley, as well as connecting links with Monterey and San Luis Obispo counties needs. As a member of the Roads and Highways Committee he was in a position to be effective in securing adequate funds for road development for his counties. Patterson has become an effective fighter for the people of the state and his district and deserves to be sent back to the position he has so honestly and ably filled for the people.

Patterson is a native of California, 36 years old, and served in the World War. He worked his way through high school and the University of California. He graduated in economics and government in 1921 from the University of California and attended Stanford University law school as a graduate student. He served as an administrator of schools in southern Monterey county for ten years. Patterson has been a life-long student of government. By hard manual labor in the logging camps, in canneries and on the farm he has learned the problems of the farmer and laborer and of the small business man.

The people sent Patterson to the most difficult legislative battles in the state of California and he came through with credit to himself and the district, always standing by the interests of the people.

WINSOR JOSLYN INVENTS PATENTS CAR ARM REST

Winsor Joslyn must have taken a long car ride and come home all tired out, for he has received a patent on an automobile arm rest, for which he made application in 1931.

The rest is fabric covered rubber which may be easily attached to window frames.

MOOR DOUBLE KEYBOARD TO BE PLAYED TUES.

The Moor double keyboard piano on which Winifred Christie plays her recital for the Carmel Music Society on next Tuesday evening, June 26, in the Sunset school auditorium, was invented by Emmanuel Moor in 1921.

The piano has been said to "mark a date in musical evolution," "an epoch-making invention," full of "magical effects, ethereal beauty, an instrumental wonder." It is one of, if not the only model, of an improved piano which seems thoroughly practical and a distinct advance on all that has gone before.

It is interesting and gives one pause to note that Franz Lisst, the great virtuoso of his period, wrote in 1838, that "Progress in piano manufacture will lead naturally to the creation of pianos with two keyboards which will carry all before them in the realm of music."

It was eighty-three years later that Emmanuel Moor invented the double keyboard—and now here it is in Carmel, with its chief exponent, Winifred Christie, summering in the Carmel Highlands.

So it is that the Carmel Music Society is able to present Miss Christie and the double keyboard on Tuesday evvening next, in a program which admits of the "astonishing feats of dexterity" which the new mechanism makes possible, without discounting any of the virtuosity which Miss Christie and the brilliant pianists of the day exhibit on any keyboard. According to Ernest Newman of England, "The beauty and grandeur of the effect cannot be conveyed by description."

Miss Christie's program will include:

Handel ..... Chaconne
Bach ..... Sarabande
Bach....Toccata and Fugue in D Minor
Chopin.....Sonata in B flat minor
Debussy ..... Five Preludes

CHARLES HORTON EXHIBIT IN GALLERY

The Denny-Watrous Gallery is showing some sixteen water colors by Charles Orson Horton, of the University of California. Mr. Horton is in Carmel conducting a University Extension course in out-of-door sketching and painting, and there is much interest in his work. He has been called "a poet on color," and the prints in the gallery are typical of his work.

Charles Orson Horton has exhibited in the Grand Central Galleries, New York City; in the Cincinnati Art Museum, the Oakland Art Gallery, the Los Angeles Museum of Art, the M. H. De Young Gallery, San Francisco, and the Legion of Honor Palace, etc.

A CAPELLA CHORUS HAS FIRST MEETING

The first meeting of the A Capella Chorus, conducted in the Denny-Watrous Gallery by Michel Penha, was held on Wednesday evening of this week, and the following were present: Sopranos: Frances Schreiman, Florence Thrift, Julia Keith, Kathleen Murphy, Vera Hunter, Mrs. Sund; Contraltos: Estelle Koch, Gertrude Bardarson, Grace Knowles, Mrs. Engelsby, Marjory Pegram; Tenors: Andrew Sessink, Dr. R. M. Hollingsworth, Lieutenant Sund; Basses: Joe Klegg, I. C. Fischer, Ray Faulkner, Everett Smith.

The rehearsals of the chorus are closed to visitors.

Mr. and Mrs. Lewis Crane and daughter Peggy spent Sunday at the Voss home in Big Sur.

COUNSELLOR-AT-LAW IS NEXT PRODUCTION

"Counsellor-at-Law," the Playhouse offering at the Fourth of July week-end, will be played on Friday and Saturday only, leaving the night of the Fourth and the next night for the Forest Theatre exclusively. "Counsellor-at-Law" will be repeated on the following Friday and Saturday, July 13th and 14th. It is planned to havve a play presented at the Playhouse every weekend this summer except when the Forest Theatre gives a performance.

"Counsellor-at-Law" will be produced by the Golden Bough Players under the direction of Edward Kuster, the group being augmented by a large number of new players on account of the extraordinary demands made by the play. Not less than thirty-two speaking roles are involved in Elmer Rice's brilliant study of the inner workings of a great New York law office.

As with all the summer plays at the Playhouse, the reduced rates announced for resident Peninsula families and their out-of-town guests will apply to "Counsellor-at-Law," but only where the tickets are purchased in advance of the night of performance.

VISITORS ARE HERE TO HELP IN PLAYS

Miss Barbara O'Neill, of New York, grand daughter of Mrs. George Blackman, one of Carmel's pioneers, will play the leading role of Regina Gordon in the Golden Bough production of "Counsellor-at-Law" at the Community Playhouse.

Others who have come to Carmel this summer to take part in the several Playhouse productions are Barbara Collins of Fresno, Georgia Wapple of Hollister and Betty Meyers and Libertha Vivell of San Francisco.

MRS. LEOTA TUCKER MEETS CRAZED MAN

Aever her experience of Saturday morning, it is unlikely that Mrs. Leota Tucker will be so tender hearted when she sees anyone in distress. While she was on her way to San Jose, and was nearing Dr. Hammond's office on the Castroville highway, a man covered with blood appeared in the road, signalling her to stop. Immediately thinking there had been a wreck, she slowed down and the man jumped on the car and she perceived immediately that he was crazy drunk. She told him she would take him to Dr. Hammond's to which he seriously objected but she stopped there regardless and the unwelcome rider jumped to the ground and ordered her to keep going or he would "fill her full of holes."

When Mrs. Tucker reached Watsonville she telephoned back to Mrs. Litz Bathen who got in touch with Gus Englund, who in turn got in touch with the Salinas officers and found the dased man wandering and took him to the hospital in Salinas for treatment.

It was found that he was Harold Thompson of Del Monte Grove and had been celebrating with a crowd of friends while his wife was away. Thompson gave the hospital attendants the slip and was last heard of as on his way south to join his family. He said his wounds were caused by cutting his head on a glass door.

Mrs. Tucker was going to San Jose to take the wedding pictures of Eleanor Green, for the past winter art teacher at Douglass school, who was married Sunday at 4 in the Chapel of the Roses.

The Misses Angeline and Gladys Gallagher of Boston, Mass., are guests of Mrs. Clara Kennedy, who lives on Lincoln, near Fifth.

Miss Marian Ohm is recuperating from a recent illness.

IT'S NEW
THE FARM "25"
25 CUBIC FEET - ABOUT THREE TIMES MORE CAPACITY PER DOLLAR INVESTMENT THAN DOMESTIC TYPE REFRIGERATORS

A New Farm Refrigerator

MORE ADAPTABLE THAN EVER TO THE NEEDS OF THE AVERAGE FARM

IT PAYS FOR ITSELF—this proven fact about electric refrigeration has sold it to millions of thrifty housewives. But if it is true of domestic models which only *save*, how much more true it is of these Farm Refrigerators which *earn*, as well.

For the average farm there is the new Farm "25"—an economical size to operate, yet plenty big enough for *marketable* produce as well as food for the family table. This model, and larger ones up to 125 cubic foot capacity are being offered by several manufacturers at astonishingly low prices.

For the farmer who is handy with tools—and what farmer isn't!—we can supply University of California specifications for 35, 40, 80 and 125 cubic foot refrigerators.

Make no mistake, a Farm Refrigerator today is an *investment*. It not only pays for itself, through usage, but it pays extra dividends in better health, leisure time and more wholesome, appetizing meals.

Don't go through another summer watching food spoilage cut into your profits. End this waste, once and for all, with an electric Farm Refrigerator. Either buy it or built it, but *do it now*. See our local office for additional information. Easy terms can be arranged, of course.

PACIFIC GAS AND ELECTRIC COMPANY

The Pacific Gas and Electric company welcomes and will cooperate in the nation-wide survey of electric rates which the Federal Power commission is to make at the direction of congress. The company makes this announcement in the June issue of its publication, "P. G. and E. Progress."

"We welcome the survey," the statement says, "and will help the government make the most of it."

The utility predicts that the survey will show that P. G. and E. electric rates are among the lowest in the country, explaining that the average price of all the current it sold in 1933 was only 2.2 cents a kilowatt hour as against a national average of 2.7 cents for privately owned utilities and 3.1 cents for municipel systems.

"Last year," the announcement adds, "the average bill of this company's half million household consumers was only $2.73 a month. This was about 9 cents a day—less than the price of a package of cigarettes. and 9 cents a day bought more than a light; in addition to light it bought energy to operate household appliances—radios, toasters, irons, refrigerators, ranges."

The company cites official figures showing that the price of 60 kilowatt hours of electricity a month, the amount used in the average home, is $2.80 in San Francisco, $3.55 in Brooklyn, $3.39 in Philadelphia, $3.21 in St. Paul, and $3.60 in Denver. The comparison is continued to show that all communities in P. G. and E. territory enjoy similar advantages over towns of corresponding size elsewhere.

"When it comes to comparing rates of municipal and private systems," the statement continues, "the government's findings will be with the P. G. and E.; that is, if allowance is made for taxes. P. G. and E. pays all kinds of taxes—federal, state, county, city. Last year it paid $10,352,000—two and a quarter millions more than it paid in dividends to all its 62,000 preferred stockholders. Municipal systems pay no taxes.

"The government will also find that municipal systems take only the cream of the business. No agricultural areas for them, where consumers are few and far between or where profits are lean or not at all. Municipal enterprises with few exceptions confine themselves to cities and high rate customers alike. Private companies like the P. G. and E. must serve all comers, city and rural alike."
all comers, city and rural alike."

As another reason for indorsing the survey, the P. G. and E. points out that it will show just what factors enter into the making of rates—how and why investment and cost of service vary over the country and how hard it is accurately to compare rates and service in one section with rates and service in another.

"Some utilities," it explains, "have ideal hydro-electric sites and low cost plants close to power markets. Others have to go far up into mountain ranges, construct high-cost plants and build long transmission lines to reach the cities and towns they serve. Some build plants beside natural waterfalls, like Niagara, that flow on without end; others have to build costly dams to store the waters of winter, and expensive steam plants to stand by in summer when winter waters have been exhausted or when dry winters have made storage impossible. One company has put its wires underground at great expense; another has not. One serves a single city, with houses and consumers close together; another a widespread area with cities and towns tied in with farms, far apart and expensive to serve."

"Yes," the announcement concludes, "the survey will tell many things and the P. G. and E. will not be hurt in the telling."

Subscribe for Carmel Sun today.

FLOWER SHOW FRIDAY NIGHT IN MONTEREY

Flower lovers in and around Carmel will attend the flower show and Garden club meeting to be held at the old Custom House in Monterey Friday night.

Unusual plants and shrubs have been collected by Alex Eddie, who is in charge of the evening and he will use them in illustrating his lectures on "Herbaceous Perennials."

If you cannot attend the flower show Friday night, you will have another opportunity since it will be continued through the week-end. There is no admission charge.

BAD CHECK RECEIVED BY LOCAL MERCHANT

Claiming to be a son of Mrs. Clara Kennedy of Carmel, one Floyd E. Kennedy passed a bad check at Immelman's last Saturday night. When the check came back the matter was taken up with Mrs. Kennedy who quickly proved that she knew nothing whatever of the man. The man giving his name as Kennedy was about 35, it is said, and both Mrs. Kennedy's sons are under 20.

A warrant has been issued for the arrest of the check artist and his description has been sent out.

Carmel's population has been increased by one with the birth of Frank Moore, Jr., in a Pacific Grove hospital. Mr. Moore is forest ranger in charge of the CWA at Pacific Grove.

Miss Mildred Pearson has returned from Pasadena after a visit with her mother, Mrs. D. E. Nixon. Miss Mildred was recuperating from a broken wrist received when she fell while roller skating.

Upton Sinclair, candidate for the democratic nomination for governor of California, will speak in Monterey July 5, it has been announced.

FIREMEN INSPECTING FOR FIRE HAZARDS

A tiny spark, a small blaze and then a fire out of control, causing untold suffering and irreparable economic losses.

Most big fires start small—then is the time to extinguish them.

The proper fire equipment at the danger points ready to smother the blaze the instant it appears—that's fire protection.

Removal of all boxes, paper, rags, rubbish and waste material, immediately—correct installation and check-up at regular intervals of your electric wiring—safety precautions in the use and storage of inflammable fluids—utmost care and forethought in the disposal of your used matches and cigarettes. That's fire prevention. So says Fire Chief Leidig.

During the past ten days 100 Carmel business men and women have joined forces with the fire department in the campaign to lessen the fire dangers in Carmel's business area.

Within a few days a fireman trained to spot fire hazards will call upon you. He is on the job to be of service to you in the solution of any fire protection problems. He has information that way save your business from destruciton. Cooperate with him.

Frederick C. West, Muncie, Ind., connected with the Muncie Star, was a caller at Carmel Sun office Saturday. Mr. West stated that he and his wife came out here eight years ago to see their daughter graduate from Stanford and ever since then he had wanted to come back. He stated that Muncie was coming back to normal by fits and starts (forty fits to one start).

Shirley Warner of Santa Barbara is spending this week at the home of her uncle and aunt, Mr. and Mrs. Ed Warner at Mission and Fifth. Miss Warner is a daughter of John Warner of radio fame.

HEIRLOOM TEA WAS SUCCESSFUL AFFAIR

The Heirloom tea, held at the Community church on June 7, proved very successful, with over a hundred visitors.

A great many articles of beauty and value were loaned and a score of historically interesting things were also on display.

The oldest exhibit was a hand-carved chest nearly six hundred years old, loaned by Mrs. Jettie Tuthill. The next oldest was a carved Chinese table loaned by Mrs. Ed Warner.

MINOR VIOLATIONS IN TRAFFIC LAST WEEK

R. A. Smith of Pacific Grove was given a ticket June 16 for driving without due caution on Scenic drive.

Dorothy B. Fauntleroy of Peter Pan Lodge, charged with driving 35 miles in a 25-mile zone, was given a ticket June 15.

June 13th Neville Priestly paid a fine of $2.50 for failure to stop at a stop sign on San Antonio and Ocean. Mr. Priestly is a big game hunter from South Africa who is enjoying a vacation in Carmel.

Walter K. Collins, stopping at Highlands Inn, when driving up Carmelo June 16, collided with a car at 8th street driven by W. S. Weeks. Mr. Collins was charged with driving with undue caution and fined $10. No one was injured.

Jo Mora and family have taken a house at Pebble Beach. They have been staying at Pine Inn.

Mr. and Mrs. Lewis Crane and daughter Peggy spent Sunday at the Voss home in Big Sur.

Douglass Short who has been occupying the Call house on Scenic has movved to the James Short house on Carmelo for the summer.

Miss Patricia Holman of Pacific Grove, daughter of Mr. and Mrs. W. R. Holman, has been chosen as "Girl of the Golden West" to reign over the Gilroy gymkhana.

Mayor James H. Thoburn has been appointed to act as one of the committee who are planning a big celebration on the peninsula at the opening of the highway February 22. Senator E. H. Tickle is also a member of the committee.

Most Amazing Proof
OF EXTRA STRENGTH • SAFETY AND DEPENDABILITY
Ever Known!

WORLD RECORD BROKEN!

IT IS almost inconceivable that human ingenuity could build tires that would withstand the terrific punishment of the 500-mile grind at Indianapolis, May 30.

'Round and 'round the blistering track they streaked, hour after hour, under the blazing sun . . . the low moan of powerful motors rose to a terrific roar as they hit the straightaways at 150 miles or better—grinding, pulling, pounding around treacherous tire-destroying curves, faster than they ever dared before. Sliding into the turns at these terrific speeds, there was nothing to hold the car to the track except the tire.

Mile after mile, lap after lap, greater and greater heat and increased centrifugal force developed to separate the tread from the body of the tire. Every conceivable force known was working to tear the tires to pieces—yet Firestone High Speed Tires, with Gum-Dipped High Stretch Cords, withstood this most gruelling test.

Thirty-three demons of speed—thirty-three cars equipped with Firestone High Speed Tires—all protected by Gum-Dipped High Stretch Cords—entered the Annual Speed Classic. Every tire was bought by the driver or owner of the car.

In all the heat—in all the grinding—in all the straining and pulling—not one cotton strand loosened—not one life was endangered by tire failure—not one car was forced out of the race by tire trouble. Six of the winners finished without a tire change.

What a tribute to the *Extra Strength—Safety* and *Durability* built into Firestone High Speed Tires.

WHAT THIS MEANS TO YOU

The amazing record of Firestone dependability at Indianapolis was made possible by the Firestone patented process of Gum-Dipping. Every fiber of every cord in every p[illegible] the tire is saturated and coated with pure liquid rubber; there are [illegible]xtra pounds of rubber to every 100 pounds of cotton cords.

There is greater adhesion between the plies of the Gum-Dipped Cord body and between the body and the tread. As a result of this patented process of Gum-Dipping Firestone engineers have been able to build a wider tread of flatter contour, with more and tougher rubber and deeper non-skid, giving you more than 50% longer non-skid mileage.

Don't delay! Call on the Firestone Service Dealer or Service Store in your community today and equip your car with the new Firestone High Speed Tires for 1934. Drive with security and peace of mind.

THE NEW FIRESTONE HIGH SPEED TIRE FOR 1934

CANDIDATE FOR LIEUTENANT GOVERNOR

Farmer, educator, soldier, United States attorney and lawyer!

Briefly sketched, such is the career of George J. Hatfield, candidate for lieutenant governor.

It is a career which has clearly demonstrated his splendid capacity for aggressive, intelligent leadership. . . . And California, during this critical period, vitally needs that type of leadership in the lieutenant governorship.

As United States attorney for Northern California, Mr. Hatfield, during his 7 1-2 years in the office, earned an enviable reputation for ability, courage and unswerving honesty.

Rancher as well as lawyer, with extensive farm properties in the San Joaquin Valley, he is one of the state's outstanding authorities on questions of water rights and irrigation law . . . And knowing the problem from practical experience, he is vigorously opposed to the imposition of any additional tax burden on the already overburdened common property taxpayer.

As chairman of the first legislative committee of the American Legion, Mr. Hatfield drafted the Veteran's Farm and Home Purchase act, under which thousands of California service men have been aided. He also served as a member of the Veterans' Welfare board from 1922 to 1926.

Member of a pioneer California family, George Hatfield was educated in the public schools of Placer, Nevada and Alameda counties, graduating from Stanford University in 1911 and receiving his degree in law in 1913. He entered the practice of law in San Francisco in the same year and subsequently became an instructor in a San Francisco law school.

Through his varied experience, Mr. Hatfield has come in intimate contact with California citizens in nearly every walk of life. With a fine appreciation of the problems which confront labor, business and industry alike, he also has an intense loyalty to California, rather than to special groups of special interests.

FROM DAILY ABSTRACT

DRIVE FOR HOSPITAL FUNDS WAS SUCCESS

H. W. ALLSMAN
Candidate for Constable Monterey Township

The peninsula has cause to be jubilant over the fact that enough money has been raised to take over the Grace Deere Velie clinic and convert it into a general hospital.

Nearly $15,000 has been collected and more is coming in daily, according to reports at the meeting held last Thursday evening by the donors, at which time the following directors were chosen for the institution:

President, W. W. Powell, president of a Los Angeles bank, and formerly connected with the management of the clinic; vice president, Byington Ford, of Carmel and Pebble Beach; secretary-treasurer, John E. Abernethy of the Monterey Trust and Savings Bank of Carmel; Mrs. Olga Fish, Carmel Valley; Benjamin A. Lee, Pacific Grove; John H. Thompson, Monterey, and A. W. Wheldon of Carmel.

More than 300 persons donated to the fund and 22 members of the medical profession are interested in the project according to reports.

The hospital will be under the direct control of the board chosen and they intend to begin work at once on remodeling to make the clinic into a thoroughly modern general hospital.

The new regime will be of interest to the public because the hospital will be run as a non-profit organization and reasonable hospitalization fees are expected.

CARMEL MOURNS DEATH OF W. A. GODDARD

Stricken with a heart attack Friday, W. A. Goddard of Bailiwik, Mnote Verde and Twelfth, passed away after a few hours' illness.

Many hearts were saddened by his passing, for he had made hosts of friends during his four years' residence here. Mr. Goddard was born in Morocco, Ind., October 7, 1876, and would have been 58 years of age had he lived until his anniversary.

Funeral services were held in Pacific Grove Monday afternoon from Paul's Mortuary.

Beside his widow, Mrs. Ella S. Goddard, he is survived by two daughters, Mrs. Ernest S. Bixler of Carmel and Mrs. R. C. Beverstock of Los Angeles, and a son, David S. Goddard, a student at the California State Nautical school. He also leaves four sisters, Mrs. A. H. Craig of Bristol, Conn., Mrs. C. W. Dederick, of Warsaw, Ind., Mrs. C. E. Hinds of Santa Monica, and Mrs. Clara Poole of Denver, Colorado.

Deepest sympathy of the entire community goes out to the bereaved ones.
